U. D. C. Meeting—

The regular meeting of the United Daughters of the Confederacy was held Friday afternoon with Mrs. N. B. Crawford as hostess.

The home was lovely in the decorations of ferns and cut flowers, a large basket filled with fruit, formed the attractive centerpiece of the dining table.

Mrs. R. T. Gillett, the president called the meeting to order. Several matters of business were discussed: a message from Mrs.

Bushinsky was read, reviewing the year's work and telling of the meeting of the General Con-

vention recently held in Savan-

nah, Ga., Alabama lead the states in progress for the past year, winning over Virginia, who had led for three years.

A letter was read from Mrs. J.

A. Kirkpatrick of Montgomery, in regard to the Christmas offer

ing for the Old Soldiers' Home

at Mountain Creek. On the motion of Mrs. Tutwiler, five dollars

was sent to this cause.

A committee was appointed to

arrange a program for the nine-

teenth of January, General Lee's birthday.

Another committee was ap-

pointed to get up an ex-

traordinary entertainment during the Christmas

holidays, for the Chapter.

After the business, the meeting

was turned over to Mrs. F. B.

Culver, leader of the interesting

program, which was as follows:

Subjects for the program,

events which happened in Decem-

ber of the sixties.

Paper: John Cable Brecken-

ridge, Mrs. Geo. Malone.

Paper: Historic Charleston.

Mrs. C. S. Tutwiler.

Paper: The Battle of Mu-

nchesboro.—Mrs. M. C. Corley.

Vocal Solo: Mrs. L. G. Y. Bi-

ker.

Delightful sandwiches and tea

were served by Mrs. Crawford,

assisted by Mrs. H. A. Blount and

Miss Maud Crawford.

Enter Se Club—

In spite of the inclemency of

weather on Friday, the meet-

ing of the Inter Se Club, with

Mrs. W. J. Bell as hostess, was

a most delightful one.

HOGS, CATTLE OR MEN—WHICH?

Governor Ferris Values Men More Than Live Stock.

"Michigan is making a vigorous effort to stamp out hog cholera. Hogs are marketable," said Governor Woodbridge N. Ferris to the citizens of his state in a recent proclamation calling for cooperation in the anti-tuberculosis campaign. "Michigan is making a vigorous effort to stamp out tuberculosis in cattle. Cattle are marketable. Why not make a strenuous effort to stamp out tuberculosis in men, women and children? Human beings are priceless."

Red Cross Christmas Seals are a means for every man, woman and child in the United States to have a share in stamping out tuberculosis. Have you bought your share?

BETTY GETS A CHANCE.

Red Cross Seals Helped Her to Get Well.

She was red, pretty and so full of fun that the dimples were always showing in her round, red cheeks. Her eyes were big and brown and her nut colored hair curled naturally in little ringlets over her forehead and ears. She was just eighteen when we first met her and so neat and attractive that one would think she belonged to the well-to-do class of working people but when we followed her to her home one day we conjectured startling facts.

The red in her cheeks was the flush of immature inward fever, the high spirits were a pitiful amulet to prevent chills and shivers, and the big brown eyes saw only squint when they were not fixed upon a twinkling moon or a gleaming pearl to any view but an imaginary bright one.

The room we entered was a general living space, used also as an eating, cool in and sleeping apartment. There was but one bed, and Betty had to sleep in it with her mother, who was too weak to sit up. An open cuspidor sat where it would be conveniently near the bed, which placed it by the stove, where their food was cooked. The mother, who was suffering in an advanced stage of tuberculosis, did not like cold air, and her querulous demands caused Betty to keep the door and windows closed.

"Well," said cheerful Betty, with a laugh, "that isn't so bad as not having my windows or doors to close, is it? Things might be worse."

"Infinitely worse," said the wise one. "You might even take a notion to stuff the windows and doors with rags to cut out what oxygen comes through the cracks."

Red Cross Christmas Seals with their cheery message of hope gave Betty a chance to get well after her mother died. Is it worth while to give the Betty's?

Buy your share today.

SEAL ON EACH SOLE.

"Am I using Red Cross Christmas Seals?" reflected a good natured old soldier as he layed up from the shelf he was repairing to the person who stood blocking the doorway of the little shop and who had asked the question originally. "I don't know if them What are they for?" he asked.

When told that the little stickers were being sold all over the United States to raise money to prevent tuberculosis the soldier became very much interested.

"Now, I need a good excuse to withdraw," I don't write many letters and I don't send many Christmas cards. There's just me and the old woman left. I can't use my seals that way, but I'll tell you how I can use them. I will stick a seal on the sole of every shoe I tap."

PRESIDENT WILSON ON RED CROSS SEALS.

As an expression of his interest in the Red Cross President Wilson has appointed President Wilson to be the National Association for the Study and Prevention of Tuberculosis.

"May I take this opportunity to press to you my deep interest in the work of the National Anti-tuberculosis Association and my hope that its work is growing in efficiency and extent from year to year? May I not further express my interest in the Red Cross Christmas Seal, whose efforts have been the means of raising funds for the work?"

It seems to me that this is a particularly interesting and sensible way of enabling the people of the country to give this great work their support."

SANTA CLAUS HAS TUBERCULOSIS.

On October 25, 1914, the Santa Claus stamp was issued, the proceeds of which were given to the Red Cross Fund.

Postage due on the Santa Claus stamp must be paid according to Santa Claus won't come. If he hears you asking him to refund the postage, he

expression, "he's got tuberculosis."

"Tuberculosis! Who told you Santa Claus had tuberculosis?"

"Oh, everybody knows that. Don't you buy tuberculosis stamps for him every Christmas?"

SOME RED CROSS SEAL FIGURES.

Few people have any conception of the magnitude of the Red Cross Christmas Seal Campaign. Here are a few figures that will show what a stupendous movement this is. Already 115,000,000 seals have been printed and practically that entire number distributed to agents in almost every state in the U.S.A.

Probably 15,000,000 more will be needed. Advertising charts, posters, cards, etc., to the sum of several million have to be distributed. It is estimated that the army of paid and voluntary workers engaged in selling seals numbers well over 1,000,000. The advertising and publicity attend to the campaign amount to several thousand thousand dollars.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle May, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from a womanly trouble, and doctor lots for it, but without success. I suffered so very much, that I became down in mind, and helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first. By the time I had taken 12 bottles, my health was completely restored. I am now 46 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak its praises. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.
